# About Kluskens

# 01 Our Roots

**A family-run business, located in Nederweert in the Netherlands. Since 1974 we have been manufacturing high-quality collections of solid wood tables, chairs and cabinets. Beautifully designed. Attractive and functional, made with love and an eye for detail. Dutch design, deeply rooted in local traditions and craftsmanship. At Kluskens we believe that furniture made of natural wood brings tranquillity to our hectic daily lives. This warm and honest material, with its weight and density, is a natural source of strength and energy. We are passionate about design and manufacturing. Obsessed with perfection. That's why the whole production process, from sawing and seasoning the wood to finishing the end product, takes place in our own factory in Nederweert. Allowing us to control and guarantee outstanding quality in all our creations.**

**Een familiebedrijf, gevestigd in Nederweert. Sinds 1974 produceren wij hoogwaardige collecties massief houten tafels, stoelen en kasten. Mooi design. Aantrekkelijk en functioneel. Vormgegeven met liefde en oog voor detail. Nederlands ontwerp, diepgeworteld in lokale tradities en vakmanschap. Bij Kluskens geloven wij dat meubels, vervaardigd uit natuurlijk hout, rust brengen in de hectiek van ons dagelijks leven. Het is warm en eerlijk materiaal dat door zijn gewicht en dichtheid een natuurlijke bron van kracht en energie vormt. Wij zijn gepassioneerd over het ontwerpen en ontwikkelen. En geobsedeerd door perfectie.**

**Ein Familienunternehmen mit Sitz in Nederweert. Seit 1974 produzieren wir hochwertige Kollektionen bestehend aus Tischen, Stühlen, Regalen und Schränken aus Massivholz. Schönes Design. Ansprechend und funktional. Mit Liebe und einem Blick für Details gestaltet. Niederländisches Design, tief verwurzelt in lokalen Traditionen und in der Handwerkskunst. Wir von Kluskens glauben daran, dass aus natürlichem Holz gefertigte Möbel Ruhe in unseren hektischen Alltag bringen. Es ist ein warmes und ehrliches Material, das durch sein Gewicht und seine Dichte eine natürliche Kraft- und Energiequelle ist. Wir designen und entwickeln mit Leidenschaft. Und legen viel Wert auf Perfektion.**

**Daarom vindt het hele productieproces, vanaf het zagen en drogen van het hout tot aan de afwerking van het eindproduct, plaats in onze eigen fabriek in Nederweert. Op deze manier kunnen wij de uitstekende kwaliteit van al onze creaties controleren en garanderen.**

**Darum findet der gesamte Produktionsprozess, vom Sägen und Trocknen des Holzes bis zur Fertigstellung des Endprodukts in unserer eigenen Werkstatt in Nederweert statt. Auf diese Weise können wir die hervorragende Qualität all unserer Kreationen kontrollieren und garantieren.**

**Kluskens has a long tradition in handmade wood furniture. From the early 70's, our furniture has been characterized by functional design. Over time, we have offered a wide variety of handcrafted designs and always responded to market trends and personal needs of consumers. And we still do this today. Whether it is a table, side table or cabinet, Kluskens furniture stands out with its distinctive wood design, always with an eye for detail and a variety of finishes. This unique and strong signature of Kluskens has always been visible, although the design trends have changed over the years.**

**Kluskens kent een lange traditie in het ontwerpen van handgemaakte houten meubels. Ons vakmanschap dateert van het begin van de jaren '70. Door de jaren heen hebben wij een breed scala van handgemaakte houten tafels en kasten ontworpen dat nauw aansloot bij de markttrends en persoonlijke behoeften van consumenten. En dat doen wij vandaag de dag nog steeds. Of het nu een tafel, bijzettafel of kast is, de ontwerpen van Kluskens vallen op door het verfijnde houten design. Altijd met oog voor detail en verschillende afwerkingen. Deze unieke en sterke handtekening van Kluskens is altijd zichtbaar geweest, ongeacht wisselende designtrends in de loop der jaren.**

Kluskens hat eine lange Tradition in der Konzeption handgefertigter Holzmöbel. Die Wurzeln für unsere Fachkompetenz liegen in den frühen 70er Jahren. Im Laufe der Zeit haben wir eine große Bandbreite an handgefertigten Holztischen und -schränken, die zu den Trends im Markt und den persönlichen Bedürfnissen der Konsumenten passten, entworfen. Und das tun wir heute immer noch. Egal, ob es sich um einen Tisch, einen Beistelltisch oder einen Schrank handelt, die Entwürfe von Kluskens fallen durch ihr ausgefeiltes Holzdesign auf. Mit Blick für Details und in verschiedenen Ausführungen. Trotz wechselnder Designtrends im Laufe der Jahre war diese einzigartige und kräftige Handschrift von Kluskens immer erkennbar.

# Milestones

1974

**Knock on Wood**  
Joep Kluskens opens his own workshop.

1979

**Wood and Stones**  
Laying the foundation stone for a brand-new factory in Nederweert.

1982 – 1986

**Crossing the Border**  
Kluskens expands production with its new kiln-dry chambers and starts exporting to new markets in Belgium and Germany.

1987

**Solid Times**  
As business grows steadily, Kluskens develops a new production line for solid oak furniture.

1992

**It Runs in the Family**  
Frank Kluskens joins his father to work in the company and starts export to United Kingdom, Scandinavia and Japan.

2002 – 2005

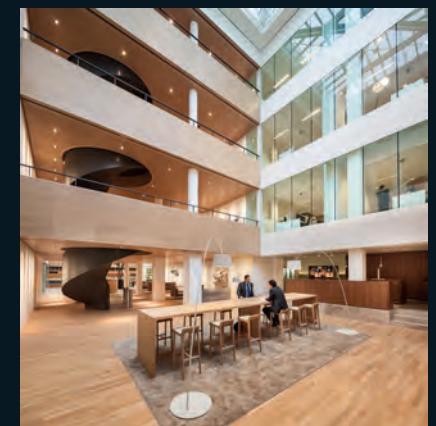

**Co-Creation**  
Kluskens starts to co-create with students from the Design Academy Eindhoven. In this period the company starts using walnut in addition to the main oak wood.

Cabinet designed by Charlotte Therre.

2010 – 2020

**Innovation**  
Kluskens continues to innovate with new techniques and new designs. In addition to home furniture, solid wood tables for the office are designed to conquer new markets and segments. Kluskens looks to expand the brand through new online channels.

02

# Care for Nature

**We respect nature. It is our main inspiration. We want to create greater harmony between people and nature with our natural wood designs. Our philosophy is that furniture made of natural wood brings tranquillity to our hectic daily lives. At home or at work. We use the very best renewable materials nature has to offer and treat them with respect and attention. We source our European oak, beech, walnut and cherry wood directly from trusted and respected suppliers who grow and cut down their trees in a responsible and sustainable way. We minimize the footprint of our factory by the fair treatment of raw materials and a sustainable production method with low CO2 emissions.**

**Wij respecteren de natuur. Zij is onze grootste bron van inspiratie. Met onze natuurlijke houten ontwerpen proberen wij meer harmonie te creëren tussen mens en natuur. Onze filosofie is dat meubels gemaakt van natuurlijk hout, rust geven aan ons hectische dagelijkse leven. Thuis of op het werk. Wij gebruiken alleen de beste herbruikbare materialen die de natuur te bieden heeft en behandelen deze met aandacht en respect. Ons Europees eiken-, beuken-, noten- en kersenhout is direct afkomstig van vertrouwde en gerespecteerde leveranciers, die hun bomen op een verantwoordelijke en duurzame manier laten groeien en kappen. Wij minimaliseren de ecologische voetafdruk in onze fabriek door een eerlijke behandeling van grondstoffen en een duurzame productiewijze met lage emissies.**

**Wir respektieren die Natur. Sie bietet uns immer wieder die besten Inspirationen. Mit unseren natürlichen Holzdesigns versuchen wir, mehr Harmonie zwischen Mensch und Natur zu schaffen. Unsere Philosophie ist, dass Möbel aus natürlichem Holz Ruhe in unseren hektischen Alltag bringen. Zu Hause und am Arbeitsplatz. Wir setzen nur die besten, wiederverwendbaren Materialien, die die Natur zu bieten hat ein und behandeln diese aufmerksam und mit Respekt. Unser europäisches Eichen-, Buchen-, Walnuss- oder Kirschbaumholz stammt von zuverlässigen und respektierten Lieferanten, die ihre Bäume auf verantwortungsbewusste und nachhaltige Weise wachsen und fällen lassen. Mit einem fairen Umgang mit Rohstoffen und einem nachhaltigen Produktionsprozess mit geringen Emissionen minimieren wir unseren ökologischen Fußabdruck.**

**Craftsmanship since 1974**

Our workshop still has that typical  
Klusken's "it's all about the wood" vibe.

## 03

# Timeless Quality

We embrace craftsmanship. In everything we do. We pay attention to every detail because this is what craftsmen do. It starts with carefully selecting the best wood and combining knowledge with strong woodworking competences. We still use our hands together with modern state-of-the-art machines and advanced production methods. Each table, chair or cabinet deserves the right technique to become a sustainable piece of design. In addition to the usability and functionality of our designs, we envisage how our products should look, sound, feel and even smell. Our extensive furniture collection is also renowned for its customization. We offer a wide range of dimensions and colour finishes. Brushed, oiled or varnished. All our models can be easily modified to meet your personal requirements. It is the sum of these qualitative parts that makes our products stand out and last for generations.

**Wij omarmen vakmanschap.  
In alles wat wij doen. Met aandacht voor elk detail. Niet omdat dit moet, maar omdat dit precies datgene is wat een vakman doet. Het begint met het zorgvuldig selecteren van het beste materiaal om mee te werken. Vervolgens combineren wij onze kennis van hout met sterke houtbewerkingsvaardigheden. Wij gebruiken nog steeds onze handen, samen met moderne machines en geavanceerde productiemethoden. Elke tafel, stoel of kast verdient de meest geschikte techniek om ze te bewerken tot een duurzaam ontwerp. Naast de bruikbaarheid en functionaliteit van onze ontwerpen bedenken**

Handwerk ist unsere Basis. Bei allem, was wir tun. Mit Blick für jedes Detail. Nicht, weil es sein muss, sondern weil es genau das ist, was ein Fachmann macht. Das beginnt bei der sorgfältigen Auswahl des zu verarbeitenden Materials. Anschließend kombinieren wir unser Wissen über Holz mit exzellenten Fähigkeiten in der Holzbearbeitung. Wir verwenden zwar moderne Maschinen und innovative Fertigungsmethoden, arbeiten aber immer noch mit unseren Händen. Jeder Tisch, Stuhl oder Schrank verdient die am besten geeignete Technik für die Verarbeitung zu einem nachhaltigen Design. Neben der Funktionalität unserer Entwürfe denken wir auch darüber

**wij hoe onze producten eruit moeten zien, hoe ze moeten voelen, klinken en zelfs ruiken. Onze uitgebreide collectie meubels staat bovenbien bekend om haar maatwerk. Wij bieden een breed assortiment van veel verschillende afmetingen en kleurafwerkingen. Geborsteld, geolied of gelakt. Al onze modellen kunnen gemakkelijk worden aangepast aan persoonlijke voorkeuren. Het is de optelsom van deze kwaliteitsaspecten die onze producten zo speciaal maakt en ervoor zorgt dat onze ontwerpen generaties lang meegaan.**

nach, wie unsere Produkte aussehen, sich anfühlen, klingen oder sogar riechen müssen. Unsere umfassende Möbelkollektion ist auch wegen der Möglichkeiten zur Individualisierung bekannt. Wir bieten ein breites Sortiment mit verschiedenen Maßen und Farbvariationen. Gebürstet, geölt oder lackiert. Alle unsere Modelle können problemlos an persönliche Vorlieben angepasst werden. Es ist die Summe dieser Qualitätsmerkmale, die unsere Produkte zu etwas Besonderem macht. Sie werden daher von Generation zu Generation weitergegeben.

# Case Study: Flynt Table

## Step 1

### Design

Bringing our philosophy, latest trends, materials and consumer needs together in one perfect design.

## Step 2

### Shape

We shape and reshape the carefully selected European oak after it has been dried and cut.

## Step 3

### Refinement

The personal touch of our craftsmen. We keep a close eye on every detail.

## Step 4

### Finish

The finishing touch. That last detail made by hand. With great care and devotion. We gave this table a natural gray finish because it emphasizes its elegance and pure beauty. It is this typical Kluskens signature design that makes the Flynt table stand out.

# Case Study: Flynt Table

Timeless Quality

22 – 23

**The Finished Flynt**  
Solid wood is generally a robust, sturdy material. With the thin and delicate, elegant and sophisticated qualities of the Flynt table, Kluskens truly proves its unique innovative craftsmanship.

Our tables bring tranquillity to the hectic lives of people. At work and at home.

# 04 Refinement

**With craftsmanship comes refinement. The personal touch of our craftsmen adds something special to our designs. One last hour, one final detail can make a big difference to the final result. Our method of designing and manufacturing, keeping a close eye on every detail, is what gives our collections that extra dimension of quality and comfort. And gives Kluskens the advantage over its competitors.**

**Vakmanschap voert tot verfijning.**  
**De persoonlijke aandacht van onze ervaren ambachtslieden voegt iets speciaals toe aan onze ontwerpen.**  
**Hun betrokkenheid, attentie en dat extra uurtje maken uiteindelijk het verschil tussen af en helemaal af.** Deze manier van ontwerpen en vervaardigen, met oog voor detail, noemen wij ‘goed-ontworpen-door Kluskens’. Het geeft onze collecties net dat beetje extra als het gaat om kwaliteit en comfort. Juist dat is het onderscheidend vermogen van Kluskens in de markt.

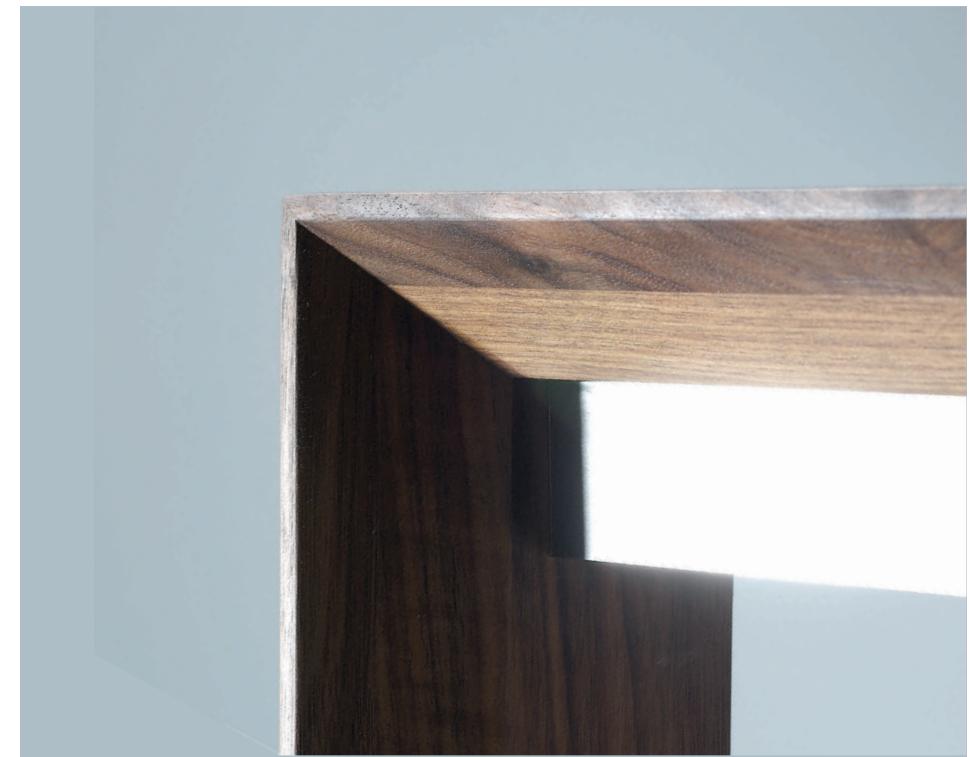

Handwerk resultiert in Qualität.  
Der persönliche Beitrag unserer erfahrenen Handwerker macht unsere Modelle zu etwas ganz Besonderem. Ihr Engagement, ihre Aufmerksamkeit und die eine oder andere zusätzliche Stunde machen letztendlich den Unterschied zwischen fertig und wirklich fertig. Diese Art des Design- und Fertigungsprozesses, mit Blick auf die Details, nennen wir „ein gutes Design von Kluskens“. Unsere Kollektionen bekommen dadurch das gewisse Extra bei Qualität und Komfort. Dadurch hebt Kluskens sich im Markt ab.

The personal touch  
of our craftsmen adds  
something extra to our  
designs.
